Commentaires de mes clients :

Your quest to bring humanity back into the workplace has fundamentally changed the way that I will work from now on.

You are the consummate knowledge sharer...but more than that, you share yourself.

Through your coaching, I have embraced so many fascinating ways of interacting, engaging and challenging the world around me.

Sylvie leads from the heart with deep caring, compassion and a contagious joie de vivre.

Bravo! Sylvie est une formatrice très impliquée dans le contenu de la formation ce qui donne une profondeur d'expérience qui résonne avec son auditoire.

I COULD LISTEN TO SYLVIE TELL STORIES ALL DAY...SIMPLY CAPTIVATING

You encourage people to be authentic.

Sylvie's creative and tireless energy to empower and engage people at all levels of the organization has better equipped us to work together, communicate better and learn collectively.

I continue to be energized and inspired by the quality of every one of the sessions that Sylvie has led. The professionalism she brings to these events and the personal effort she puts into them are amazing.

One of the gifts that Sylvie brings to facilitation is her ability to make every person in the room feel as if they are having a conversation with her rather than listening passively.

As a facilitator, Sylvie is very effective. She is a great communicator, knowledgeable and inspiring.

Sylvie est fantastique! J'espère pouvoir avoir la chance de suivre un autre atelier avec elle.

You are a very positive and engaging presence. You are a great story teller. I was particularly struck by your comments about being a leader as something you earned, not something you called yourself

You are the star! You made the retreat a success with all the great activities that you suggested to us
